

ARGININE NITRATE GH RELEASER + NITRIC BOOSTER

NUTRITIONAL INFORMATION		
Servings per Package: 50	Serving Size: 2g	
L-ARGININE NITRATE	Per Serve 2g	Per 100g
Energy	25kJ (6Cal)	1254kJ (300Cal)
Protein	1.47g	73.8g
Fat - Total	Nil	Nil
- Saturated	Nil	Nil
Carbohydrate - Total	Nil	Nil
- Sugars	Nil	Nil
- Lactose	Nil	Nil
Sodium	Nil	Nil
Gluten	Nil	Nil
L-Arginine Nitrate	2g	100g
- L-Arginine	1.47g	73.8g

VEGAN

GLUTEN FREE

ZERO CARB

LACTOSE FREE

WHAT IS IT?

First popularised as a Growth Hormone releaser, Arginine has more recently become popular for its ability to increase production of the messenger molecule Nitric Oxide (NO).

WHAT DOES IT DO?

The key benefit of NO to athletes, is it's ability to relax smooth muscle, thereby increasing blood flow to the muscles.

ARGININE NITRATE takes this Nitric Oxide releasing capacity a step further, with the inclusion of a Nitrate molecule. Nitrates have been shown to improve cardiovascular health due to their own, extremely potent Nitric Oxide releasing effect.

WHEN DO I TAKE IT?

ARGININE NITRATE is most often taken by power athletes and bodybuilders prior to training, to increase NO levels - providing increased muscle pump (which may increase nutrient transport to muscles), plus greater strength, energy and endurance.

ARGININE NITRATE may also be suitable as a night-time supplement, taken on an empty stomach before bed, alone, or in conjunction with other GH releasers.

For increased MUSCLE PUMP

Take BEFORE EXERCISE

As a GH RELEASING aid

Take BEFORE TRAINING or before sleep

As a NITRIC OXIDE booster

Take BEFORE TRAINING or as required

For greater ENDURANCE

Take BEFORE EXERCISE

WHAT'S IN IT?

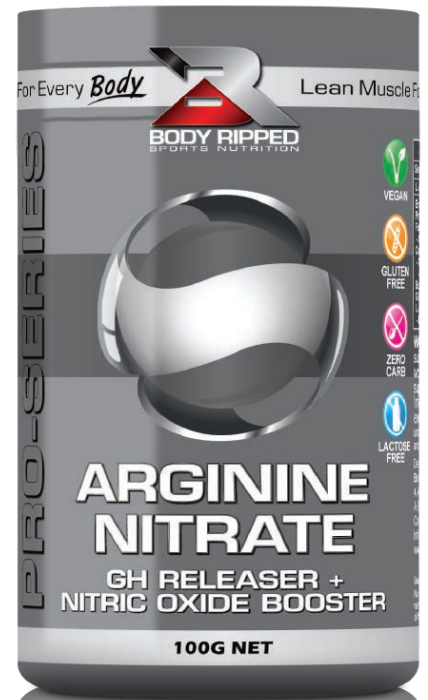

100% pure pharmaceutical grade amino acid - L-Arginine Nitrate.

WHAT'S NOT IN IT?

Colours, flavours, emulsifiers, or additives. Contains no banned substances. Contains no animal products or by-products. Gluten free.

AVAILABLE AS:

Powder, unflavoured; 100g (50 serves).
